Dear Don Millerd and Bob Mitchell:

Pemberton District Search and Rescue would like to take this opportunity to thank you for your donation from proceeds of the Pemberton Slow Food Cycle.

We were absolutely thrilled to be part of such a great Pemberton event. We are a volunteer organization and fundraising is crucial to our ongoing training and equipment supply.

The support from the staff and owners at the Pemberton Meadows Natural Beef stand was outstanding on Slow Food Cycle day. Everyone was raving about the great burgers you were supplying and how energetic and enthused the whole gang, especially the kids on the highway were during the day, all day long.

Thank you again for your generous support.

Sincerely,

Russell McNolty, Manager
